All deposits are non-refundable and non-transferrable.

In the unlikely event that we are unable to fulfil your order due to circumstances beyond our control, we will try to find you an alternative. If there is no suitable alternative available then all deposits and monies paid will be refunded.. The maximum refund we offer is the value of the cake. Further compensation is not available.

Cake Storage

All cakes should be stored in a cool place in the box provided. Never put cakes in the fridge. Humidity is not good for cakes - please bear in mind that very hot humid conditions can adversely effect the decorations. If these are the weather conditions at the time of your order we will do everything we can to minimise any potential problems but ultimately we do not take any responsibility for damage to the cake once it has left our kitchen.

Collecting Your Cake

Collection is always preferred. Delivery is not included in the price of your order unless previously agreed. Your cake will be boxed and ready for transportation.

We will advise you on collection of the best way to transport your specific cake but in general terms all orders should be placed in the boot of your car on a flat surface ensuring there is

nothing loose in the vehicle that can move and fall onto the cake. If you have a piece of non-slip matting to put under the box then all the better.

If the boot is not an option then the front passenger footwell is the next best place. Please do not place the box on a car seat or strap it in with a seatbelt.

All orders are collected and transported at your own risk. We do not take any responsibility for any damage that may occur to the cake once it has left our kitchen.

Photographs

We take photographs of all our cakes, these are our images and we reserve the right to use these images on websites, promotional material and social media sites without your prior consent. Photographs of your cake will never be published prior to your event.

Dietary Requirements/Allergies

Nuts are frequently used and stored in our kitchen however not all our cakes contain them. We do use ingredients that have nut warnings on the packaging and every care will be taken to ensure there is no cross-contamination but please be aware.

You will be advised of any allergens contained within your cake on collection and it is your responsibility to ensure that all recipients are aware of this information. We cannot be held responsible for any allergic reactions that may occur or for any ingredient that was contaminated at source.

You will be advised on collection of any non-edible elements to your cake and it is your responsibility to ensure all recipients who consume the cake are made aware.
